## THIS WEEK

Will be a busy one at the advertising sale of the Bush & Gerts Piano Co. are holding in Buchanan-Moore's Furniture store.

The people of Bryan are just beginning to realize that we are really doing something extraordinary here. There have been so many "special sales" that were sales in name only, that it takes time for the public to learn that this is a genuine money saving opportunity we are really offering. A piano that is known the world over, a piano with a wide reputation for its durability and perfect action and retaining its tone quality longer than any other piano on the market—a piano that if you should buy from an agent it would cost from \$400 to \$450, our price \$317.50 on terms. The only way for you to convince yourself of the real value is to call and hear the tone of these pianos and compare them with others you have heard.

Do not let this opportunity slip by—a small cash payment and monthly or quarterly installments sends one home. Then you are dealing with the most

responsible company doing business in the entire South.

Piano economy confronts you. Come. Sale positively ends in four days. Bush & Gerts Piano Co. of Texas.

## TEXAS T. P. A.

San Antonio, Texas, May 14.—San Antonio has given a royal welcome to the scores of commercial travelers, their wives and daughters, who are flocking into the city for the annual convention of the Texas division of the Travelers' Protective Association. Every important city of the state is represented among the visitors, in whose honor San Antonio is tastefully decorated. The real business of the convention will be taken up tomorrow morning and continued over Saturday. Contests for offices and for the honor of entertaining the next State convention are already attracting much attention among the delegates. The plans for the entertainment of the visitors are of an elaborate character.

NOTWITHSTANDING THE DEMAND  
FOR MONEY

## The City National Bank

HAS NOT INCREASED THE RATE  
OF INTEREST.

We feel that 8 per cent interest rate is sufficient and do not ask more. In fact the broad and liberal policy pursued by this Bank in the treatment of their patrons is one of the reasons why we are daily increasing in financial strength and number of customers.

We will be glad to have you tell us how we can help you.

### JOHNSON PRESIDES.

J. J. Hill Delivers One of the Principal Addresses.

Washington, May 14.—The second day's conference at the white house between President Roosevelt and the governors of various states and territories for the consideration of the question for the conservation of natural resources of the country, met Thursday morning. President Roosevelt called the meeting to order, after which he invited Governor Johnson of Minnesota to preside.

A prominent speaker was James J.

### FIGHT FOR POSSESSION.

Republican Factions Have Hot Time, Likewise Police.

Dayton, O., May 14.—A riot over the possession of a hall for the Republican congressional convention occurred at Eaton in which four policemen were roughly handled by armed men of the Biesler faction. A week ago Oscar A. Gal, chairman of the congressional committee, arranged with Mayor Miller for the use of the opera house in which to hold the convention Thursday. Wednesday adherents of the Biesler faction called, and conveying the impression they came from Chairman Gale, tendered payment for the opera house, which was accepted and a receipt given. The Harding faction, fearing a move to exclude delegates from the opera house during the session of the convention, stationed special policemen in the hall, who were assaulted and after vigorous fight, ejected, and the Biesler faction secured possession shortly after midnight Thursday morning.

### SENATE BILL ACCEPTED.

All Business Concerns Must Make Reports to Labor Commissioner.

Guthrie, May 14.—The house accepted the senate bill demanded by the union labor people of the state which is remarkable in that it provides that all business concerns must report their business in detail and total to the labor commissioner, and gives the latter absolute power to fix wages. A scene was enacted on the floor when Boyle, a legislator and representative of union labor, threatened the members with defeat in the house of the unions if they failed to support the bill. Under the bill wages will be based on the profits of the employer, with the arbitrary power in the hands of the commissioner.

JAMES J. HILL.

Hill, chairman of the board of directors of the Great Northern railroad. He spoke on "Natural Wealth of Land and Its Conservation."

He was followed by addresses by Professor T. C. Chamberlain of Chicago, president of the American Association for the Advancement of Science, on "Soil Wasteage," and by Hon. R. W. Long of Kansas City on "Forest Conservation."

### THE QUALITY GROCER

PHONES 111 & 179

#### The Daily Eagle

Entered at the Postoffice in Bryan, Texas, as second class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, MAY 15, 1908.

Arkansas seems to be the only State where politics of the wild and woolly variety still flourish.

Other towns have their sweet girl graduates but the Bryan article is the quinesence of sweetness.

With a real governor and two "acting" governors Arkansas has executives to spend, to invest, and to give to the poor.

Seems like a big fleet of bullying battleships ought to be out of place on the "Pacific" ocean. But the Jap rampant would be, too.

We may feel absolutely sure that the millenium has come when the Tammany tiger gets religion and begins to show his faith by his works.

Admiral Bob Evans magnifies his office; he says there will be war as long as there is anything to fight over. If men ever learn to be content with what is justly theirs there will be nothing to fight over.

In an unofficial primary election last Saturday the California Republicans voted for Roosevelt as their first choice for president. This binds the Republican state convention to instruct the delegates to Chicago for him.

A man lost an eye by jabbing it against a hat pin stuck through a Merry Widow hat. If all Merry Widow hats had hatpins sticking out all around as thick as the quills of a porcupine men would learn to keep their distance.

A number of Mexican statesmen have applied for and received tickets for seats at the Chicago convention, and it is expected they will also attend the convention at Denver. Mexico is rapidly becoming Americanized and her statesmen want to learn how things are done in this country.

An English duchess and an English countess are crossing the Atlantic to assist in the effort to elect a Socialist to congress in an Ohio district. One would naturally expect that women of the nobility would oppose a man whose object is to destroy all property and class distinctions, but things get strangely mixed sometimes.

When Queen Isabella pledged her jewels to assist Columbus her motive was the conversion of the heathen in the lands he expected to discover. Wednesday a Houston woman contributed a valuable diamond ring to the cause of missions. If all who profess christianity had this spirit something would happen mighty quick.

**A. AND M. GRADUATE IN AFRICA.**  
Mr. G. H. Pape, who graduated at A. and M. College four years ago, has been back at his alma mater during this term taking a special post graduate course. Shortly after he received his diploma in 1904 he secured employment in German West Africa, as an agricultural expert, and has been promoted to the position of general manager of all the agricultural and industrial government work in that extensive colony, which is larger than Texas. He has supervision of all the stations, which conduct experiments in cotton growing, in the manufacture of rubber and of palm oil. He is now on leave of absence for six months, and will sail for Africa again in June.

THE NEW WONDER

## LIQUID VENEER

MAKES OLD THINGS NEW.

For furniture, pianos, carriages, woodwork, etc., a piece of cheese cloth moistened with Liquid Veneer and passed over the furniture will remove grease, dust, dirt and stains, and will leave the surface with the clean, brilliant appearance of newness it had when leaving the factory. 25c and 50c per bottle.

WE RECOMMEND IT.

EMMEL & MALONEY

PRESCRIPTION DRUGGISTS.

PHONE 66

#### MUST BE INSANE.

#### Negro Kills White Girl and Fatally Wounds Her Mother.

Pueblo, Colo., May 14.—Without apparent cause, James Lynn, a negro, burst into the home of Mrs. Julia James, and after beating the woman unmercifully, drove her and her daughter, Sarah, aged sixteen, into the street, where he shot and killed the girl and mortally wounded the mother.

After the shooting Lynn made his escape, going toward the river bottoms. A large number of officers were put on his trail.

Five other children of Mrs. James were in the house at the time of the assault and they say they do not know the cause of the trouble. Lynn lived near them. Lynn's wife is also unable to account for the tragedy, though she says he had been talking of killing people for some time.

#### DIVORCE GRANTED.

Court Holds Both Husband and Wife Contributed Unhappiness.

Paris, May 14.—Court granted Hart McKee a divorce, finding both Mr. and Mrs. McKee contributed to the unhappiness of their household.

Mrs. McKee was given the custody of their child, with the provision that Mr. McKee be allowed to have the child one month yearly, as well as being permitted to see it twice a week if living in the same city or town.

The court also found Mr. McKee's charges that Colonel Baxter and Mrs. McKee, his daughter, had inspired the libelous articles against him in American newspapers not proved and dismissed the case.

#### PINDALL HURRIES BACK.

Call for Extra Session of Arkansas Legislature the Assigned Reason.

St. Louis, May 14.—Xenophon O. Pindall, acting governor of Arkansas, arrived here Thursday from Washington and departed at 9 o'clock for Little Rock.

Governor Pindall said he had not hurried back from the conversation congress at Washington because Allan H. Hamiter had taken possession of the office, but because Hamiter called the extra session of the legislature. He said he expected to walk into the governor's office on his return and that Hamiter would give up possession.

#### Will Reimburse Saloonists.

Guthrie, Okla., May 14.—Former Oklahoma saloonists will be reimbursed on unused licenses \$500,000.

#### Two More Watches Found.

Laporte, Ind., May 14.—Two more watches were found in the debris of the ruined Guinness house.

#### DIED NEAR COLLEGE.

Mrs. Frank Dobrovolsky died yesterday afternoon at the family home below College and will be laid to rest at Rector burying ground this afternoon at 2:30 o'clock. A more extended notice will appear later.

#### REMOVAL SALE.

Wilson & Derden, who will occupy the building on East Main street recently vacated by J. W. Hamilton, upon the completion of extensive improvements, mention of which has already been made, will on next Saturday inaugurate a great removal sale. The attention of the public is invited to their advertising matter.

#### DEATH OF MISS CAROLINE DAVIS.

Friends in the city will be deeply grieved to learn of the death of Miss Caroline Davis in Waco Monday, May 11, at 10:45 o'clock. Miss Davis was a sister of Mrs. H. E. White of this city and has visited Mrs. White at her home here a number of times. She was a native of South Carolina and a lady of intelligence and culture who made many friends during the time she spent in Bryan.

Miss Davis' funeral was held from the residence of Hon. W. L. Radney on May 12, interment being at Oakwood cemetery. Rev. A. J. Barton conducted the service. The pall bearers were Judge J. C. West, Bayliss Earle, D. D. Lacy, W. B. Morrison, Dr. W. R. Clifton and Judge Winter.

Mrs. White was in constant attendance upon her sister during the entire two weeks of her critical illness. Miss Davis was much esteemed in Waco and kind friends were untiring in their ministrations during her illness. The Bryan friends of Mrs. White and Miss Davis unite in most profound sympathy.

#### SOUTHERN BAPTIST MEET.

Hot Springs, Ark., May 14.—The Southern Baptist convention, one of the largest and most important religious gathering of the year, assembled in annual session here today. The roll call showed an unusually large attendance of delegates from Texas, Mississippi, Georgia, Florida, Virginia, North and South Carolina, Alabama and the other states embraced in the territory covered by the convention.

The convention will remain in session a week or longer, during which time there will be sermons and addresses by a number of noted divines and lay speakers, in addition to the disposal of the usual amount of routine business. The work of the missionary, educational, publishing and other activities of the church during the past year will be reviewed and the plans for the future outlined.

#### FOR THREE DAYS.

Everybody uses soap sometime. We have placed on sale for three days, Thursday, Friday and Saturday only, a special soap sale, composed of the following well known brands: Fairbank's Clairette, Glycerine Tar, Coco Castle and Fairy's at 3 1-2 cents a bar. A fine assortment. Call and see our window display. Walker's 5c and 10c store.

#### CALL FOR MEETING.

All parties having lots in Panama, the new townsite on the Texas and Pacific, are requested to meet at the city hall this afternoon at 4 o'clock for the purpose of making arrangements to send a representative to the opening of the new town at an early date. If you cannot attend the meeting this afternoon send in your name and number of lots you hold.

# WEBB BROS.

#### PROPOSALS.

By authority of the Board of Directors bids will be received in their rooms in the Mess-Hall at nine o'clock Wednesday June 10th, for supplying the Mess-Hall with beef for the session of 1908-9. Bids will be received for the entire beef carcass, less the liver and one-half the neck. The minimum weight for a dressed carcass to be 350 pounds. No stags or bulls to be slaughtered. Also for choice cuts of beef that have been inspected and approved by a United States Government Inspector. Grass fed beef from the opening of the session in September to the first of January. Corn fed beef from January first to close of the session in June. The right is reserved by the College to furnish, subject to contract price, such beef as it may have on hand from the College herd. Bids will also be received for furnishing pork during the above session with the same reservation for the College to furnish hogs that they may have on hand, at the contract price. A certified check for \$500 must accompany each bid. A bond of sufficient amount will be required of the successful bidder to ensure faithful compliance with the contract. The right is reserved to reject any or all bids.

L. L. McInnis,  
H. H. Harrington,  
Committee.

June 10, d and w.

- A stove that is always ready!
- A stove that makes no smoke, smell or ashes!
- A safe stove! An economical stove! A clean stove!
- A stove that requires no skill to operate it!
- A stove which has revolutionized "cooking," and has transformed the drudgery of the kitchen work into a pleasant pastime.
- A "Quick Meal" Stove will do any and all work that can be done on a wood or coal stove, only with the difference that the "Quick Meal" does it quicker, cheaper and in a more agreeable and reliable way.

## How's Your Shirt Stock?

It's about time you were laying in your summer supply, isn't it?

This is the time of the year when a man should be most particular about his shirts. He is in his shirt sleeves about one-half the time and his shirt is the most conspicuous part of his attire.

You will not be bothered with ill-fitting or fady shirts if you buy them here. Our shirts are all made especially to our order; we select only such fabrics as we know will not fade and will give satisfactory wear, then we have them made up on models that insure a perfect and comfortable fit to the wearer.

### COMMISSIONERS' COURT.

The commissioners' court has been busy the past two days with officers' reports, butchers' reports, etc. Among other matters considered is a new road in the Kurten community, for which application has been made by Will Cloud and others. Geo. P. Edge, C. A. Buchanan and P. E. Swancoat were named as a jury of view to lay out said road.

### THE RAIN.

The rain Wednesday night appears to have been quite general, and was most timely and acceptable. The hail was quite heavy here, but there appears to have been no serious damage from it.

### RING 386.

And Bullock & Co. will supply your wants in chickens-broilers, fryers and hens; also turkeys. Nice fresh eggs. Bullock & Co., phone 386. 138

### STORY OF THE JORDAN.

The storm Wednesday night broke up the congregation at the tent before the service had fairly begun and the rain yesterday morning made it necessary to call off the meeting at that time. Last night Evangelist Boen delivered his famous lecture on "The River Jordan." It is more famous than the Tiber, the Ganges, the Nile, the Amazon or the Mississippi, not because of its size or commercial importance—but solely on account of its associations with the greatest events in the annals of time. Its head springs, in number, character and surroundings, resemble those of the San Marcos. A few miles below its source it drops down to the lake of Merom, on a level with the sea and from there to its debouchure into the sea of Gallilee it flows through a narrow tortuous valley or "crevice" in the surface of the land. On the shores of the sea of Gallilee, 680 feet below the sea level, Jesus spent the greater part of his time and did many of his wonderful works. From the sea of Gallilee to the Dead sea is a straight line is about 65 miles but the course of the river is very serpentine and the descent is about 600 feet more, making a total of nearly 1200 feet below sea level. This is the deepest depression on the surface of the earth. The waters of the Jordan are pure and sweet but no living thing can survive in the waters of the Dead Sea, surcharged as they are with earthy salts in solution and so dense that the human body floats easily on the surface. Dr. Boen related a number of incidents, among them he described how he baptized a Pennsylvania lady at the same place where Jesus was baptized.

Supplementary to the main topic Dr. Boen gave a brief sketch of the topography of Palestine in general, which confirms the Bible narratives. We always read up to "Jerusalem," and it is up from every part of the country. He also stated that he verified the possibility of Joshua reading the law in the hearing of half a million people. He stationed a friend in the amphitheater between Ebal and Gerazim while he went high up on the latter mountain and read selections from the scriptures, which were heard perfectly by his auditor.

Rev. Boen and Challenor have invited the ministers of the city to conduct the morning services. Dr. Butler has preached twice. Rev. M. Ferguson, the new pastor of the Free Baptist church would have preached yesterday had it not rained. He will preach tomorrow.

### A SINGER IN THE HOME.

## IMMENSE INDEBTEDNESS

Company Fails With Tremendous Liabilities.

## ITS INABILITY TO REALIZE

Is the Reason Given by the Reserve Trust Company of Cleveland For Making an Assignment, but Expecting to Settle Eventually In Full.

Cleveland, O., May 14.—The Reserve Trust company has made an assignment to the Superior Savings and Trust company. Liabilities are about \$2,700,000. Inability to realize on outstanding loans is said to have precipitated the failure. Officers of the company say that the depositors will be paid in full.

The capital and surplus of the company are \$300,000. Adam Graham is president and William N. Perry, secretary and treasurer. The latter was formerly a director in the Ohio Trust company of Norwalk, O., which closed its doors in January last.

## ONE OF HEAVIEST.

Storm Lasted Over Three Hours and Much Rain Descended.

Palestine, Tex., May 14.—This city and county were visited by one of the heaviest storms late Wednesday afternoon and night which lasted over three hours. Over four inches of rain fell and much damage was done. Both of the waterworks dams were washed away and the city is practically without water and fire protection.

The home of George Wallace, near this city, was struck by lightning, although no one was injured as the house was empty at the time.

It is believed that considerable damage has been done to the fruit crops and the tobacco crops.

All trains on the International and Great Northern railway have been discontinued on account of washouts and no passenger trains were run Wednesday night.

Much damage to the saltworks near here was also done.

## STANDARD HOSE THREAD.

The Texas Firemen's Association Denounces Anti-Pass Law.

Waco, May 14.—The Texas Volunteer Firemen's association went on record as favoring a law making it possible to have a standard hose thread so all companies will be equipped alike in this respect.

Papers presented on fire drills and escapes in schools, strongly stressed this matter.

A resolution was also adopted denouncing the anti-pass law enacted by the state legislature, in so far as applicable to volunteer firemen of Texas. A committee will seek its repeal before the next legislature.

## NEARLY DEPLETED STOCK.

Thieves Enter Store and Steal Sixteen Thousand Postal Cards.

Houston, May 14.—Thieves, supposedly juveniles, broke into the new store of Spence & Trotter, on Congress avenue, and stole 16,000 picture postal cards, worth over \$100. The proprietors had just entered business and lost almost their entire stock.

## Crownsheet Blows Out.

Galveston, May 14.—A locomotive of a Trinity and Brazos Valley railway freight train was badly wrecked and two men scalded at Virginia Point, while the train was approaching bay bridge. Head brakeman J. Matthews was scalded on the head by escaping steam. E. C. Lucas, the engineer, was burned about the body and hands. Both were taken to the hospital. They will recover. The accident was caused by the crownsheet blowing out.

## Increases In Detail.

Paris, Tex., May 14.—The damage by the storm in this county and nearby towns increases in details. One family is destitute at Ben Franklin. The loss will reach \$20,000. Railway traffic is improving. Red river rapidly rose Thursday.

## Gulf Coast Odd Fellows.

Galveston, May 14.—Gulf Coast Odd Fellows' association held an interesting two days' session here.

## TROOPS CLASH.

French and Spanish Soldiers Engaged In an Encounter.

Casa Blanca, May 14.—There was an encounter between some French and Spanish troops quartered here. The Spaniards fired first, it is alleged, and the French zouaves replied. One Spaniard was killed and another wounded, while the French had two men wounded. At the conclusion of the incident Colonel Desmoutiers assumed command over the area reserved, under the policing agreement with Spain.

## Noted Pianist Dying.

New York, May 14.—Miss Jesse Shay, the well known pianist, who toured this country with Jan Kubelik, the Bohemian violinist, as piano soloist, is reported in a dying condition at the Presbyterian hospital, where she was operated upon May 5. At the hospital it is stated no hope is entertained for her recovery.

## White Sold to Shreveport.

Montgomery, Ala., May 14.—Manager Tom Fisher of the Mobile baseball club, announces the sale of Catcher Foley White to the Shreveport club of the Texas league. Manning will be retained and Torrey and Noblett placed elsewhere, though just where is not known.

## VILLAGE WIPED OUT.

Five Dead and Thirty-One Hurt Taken to Shreveport.

Shreveport, May 14.—The relief train which was sent to Gilliam returned bearing five dead bodies and thirty-one injured, victims of the tornado which passed over the northern portion of this parish Wednesday.

Among the dead are Mrs. John Gardner, Mrs. Henry Godfrey, John Simpson and eight negroes, but search for victims in the debris left by the tornado may reveal others, and it is believed that the total will reach twenty-five dead and 100 injured.

The entire village of Gilliam was wiped out, while much damage was done at Oil City, Belcher and Black Bayou.

Another train bearing supplies, medicine and physicians and newspaper representatives was sent to the neighborhood devastated by the storm, over the Texas and Pacific railway.

## POWER TO SUE.

Board of Education Is the Proper Authority to Institute Action.

Austin, May 14.—It has been disclosed that Governor Campbell has no authority to authorize the attorney general to institute suit for cancellation of contracts made by the textbook board with the book publishers. The contract entered into between the textbook board and book publishers specifically provides that in the event a contract is secured through fraud or collusion by either party, steps may be taken for the cancellation of such contract "at the direction of the governor and the state board of education."

Consequently it will be seen that not the governor nor textbook board, but the state board of education has power to order suits filed for cancellation of any contracts.

A severe hail and rainstorm prevailed in this section of the state Wednesday night, doing some damage to crops.

## ANTI-HEADQUARTERS.

Senator Willacy Has Opened Them at the State Capital.

Austin, May 14.—State Senator Willacy of Nueces county has arrived and opened up headquarters for the anti-prohibition movement. He will be located here permanently, or at least until the close of the anti-prohibition campaign. The anti will be active from now on, and headquarters here under Senator Willacy's management expect to do some very hard work.

Holmes & Parker

JNO. C. VICK MILLING  
FEED, GRAIN

The reason home ground meal is giving such satisfaction to all who have tried it is corn is classified into four reductions, viz: Corn starch, corn flour, bolted meal, and bran. Corn starch and corn flour is the nutritious part of the grain which is extracted. Bolted meal is the flint part. Home ground meal you get it all and get it fresh. We make our own chops from best shelled corn in car lots. The advantage in freshness and purity is obvious without further comment.

Bring your corn and have it ground into chops or meal, and let me sell you feed stuff.

# The Daily Eagle

Entered at the Postoffice in Bryan, Texas, as second class matter.

BY CARNES & WALLACE

## ANNOUNCEMENTS.

The Eagle is authorized to announce the following candidates for the offices indicated subject to the Democratic Primaries July 25, 1908:

For Congress Sixth District:  
RUFUS HARDY (Re-election).

For State Senator—12th District:  
W. C. DAVIS

For District Attorney—20th District:  
J. FELTON LANE.

For Sheriff,  
J. D. CONLEE,  
GEO. R. WICKER.

For District Clerk:  
H. O. JONES,  
J. C. BENNETT  
J. H. SUBER  
A. A. DEAN

For County Commissioner Prec. No. 4.  
HENRY BERGER.  
J. B. PRIDDY.

BRYAN, TEXAS, MAY 10, 1908.

All history affords no more striking example of national griggishness than is presented by Japan.

A basket of 63 selected peaches recently sold in London for \$540, or about \$9 each. They must have been equal to Texas Elbertas.

The campaign for fewer laws is all right of any responsible party is prepared to give bond that the wheat will not be uprooted with the tares.

All the howlers against the taxation of corporations have never given a single reason why they should not be taxed proportionately with the home and farm.

The men of the United States seem practically unanimous in the determination that the Big Hat shall never stop short of extermination of one side or the other.

Why don't some senator of original ideas proclaim that it was a mob of spooks that shot up Brownsville? It is more reasonable than either Foraker's or Buckley's theory.

Tolstoi thinks this life is a dream. He is very old and may look back through the mist of years. Some of his dreams have become powerful psychic forces in the world.

When a hog has acquired the habit of putting his fore feet in the trough the only way to stop him is to separate him and the trough. You can't reform him. Same way with the trusts.

The Bureau of American Republics has chosen Washington city for headquarters and will soon be at home there in a building of its own. This is the first step toward making Washington the capitol of the Western Hemisphere.

France is backing England in an effort to hold an exposition in London that will make the Chicago and St. Louis shows look like thirty cents. No matter how high they make the record Uncle Sam will get a hump on himself and beat it.

The plea of "vested rights and guaranteed privileges" is all right when it is made to conform to the eternal principles of justice, but when used, as it often is, as a means of robbing under the guise of law, it is no more entitled to respect than the plea for the divine right of kings.

By a vote of 408 to 152 the Massachusetts Democratic state convention instructed the four delegates at large for Bryan. Most of the district delegates are also for Bryan. Events of the last ten days leave little doubt that Bryan and Taft will be the nominees of their respective parties.

The Georgia court of appeals has decided that "divine healing" lies within the domain of the supernatural, consequently practical legislation has nothing to do with it. Under this decision one who practices the "faith cure" or similar methods is not a medical practitioner and does not require a license in Georgia.

President Woodrow Wilson of Princeton university says there is at present only "a mild clamor against the predatory instincts of the trusts" because the people have no definite knowledge of how these tremendous operations are possible. It will become a deafening roar as soon as the people become better informed of the iniquity of the trust methods.

Several times the Kentucky night riders have made raids into Tennessee and now they have invaded Ohio. Why don't the law-abiding people arise in their might and crush them? Simply because the people failed to secure justice at the hands of the law. The spirit of the night riders will go marching on unless the trusts can be made to respect the eternal principles of justice. The people have to choose between government control of trusts and anarchy. Which shall it be?

## FOSTER'S WEATHER BULLETIN.

Washington, D. C., May 9.—Last bulletin gave forecasts of disturbance to cross continent 9 to 13, warm wave 8 to 12, cool wave 11 to 15. Next disturbance will reach Pacific coast about 12, cross Pacific slope by close of 13, great central valleys 14 to 16, eastern states 17. Warm wave will cross Pacific slope about 12, great central valleys 14, eastern states 16. Cool wave will cross Pacific slope about 15, great central valleys 17, eastern states 19. This disturbance will bring the last high temperature wave of the long hot spell of May and the belated low temperatures will take a deep plunge toward the frost line. One of the best known periodical weather events usually occurs all around the earth about May 13 to 15 at which time very cool weather prevails but if I have calculated right that peculiar weather feature will not show up this year till May 17 to 19.

Following this storm wave of 14 to 16 will come a long spell of very crops, particularly not good for grow-crops, particularly not good for corn along mid-latitudes of the great central valleys. Temperatures in northern states and Canada will go near the frost line May 18 and 24 and last half of May will average cooler than first half. This disturbance will be of more than usual force and weather features will continue radical from May 13 to 21.

In the Ohio valleys and the southeastern states rainfall will largely increase from May 14 to 20 but dry weather will prevail north of the Red river of the southwest and west of the Ohio valleys. Heavy rains will occur along the western gulf coasts and moderate rains in western Canada.

Immediately following May 9 hot, dry weather will prevail and serious drouth will threaten in several western states. Temperatures will average cooler in eastern Canada and northeastern states than elsewhere.

## BASE BALL GAMES.

Double header games of baseball were played by the A. and M. and Baylor at College yesterday afternoon. Baylor won the first game by a score of 4 to 0 and A. and M. took the second game by the same score.

Bryan and Caldwell played double header games at the Allen Academy grounds in this city yesterday afternoon. Bryan took the first game by a score of 13 to 12 and the second by a score of 9 to 4.

## DEATH OF H. C. PRITCHETT.

All Texas Mourns the Loss of Distinguished Educator—Passes Away at Galveston.

Prof. H. W. South informed the Eagle yesterday that he and Mrs. South were in receipt of a telegram yesterday conveying the sad news of the death of Prof. H. C. Pritchett while undergoing an operation in Galveston yesterday morning. The fact of his illness was known but his death was not anticipated, and was a great shock to the family and friends. Prof. Pritchett's remains will be laid to rest at San Marcos today. His son, Rufus Pritchett, a student of Allen Academy, left yesterday to attend the funeral.

Prof. Pritchett was one of the most distinguished educators of the state, and principal of the Sam Houston Normal Institute of Huntsville the past sixteen years. Prof. Pritchett was one of the distinguished laymen of the Methodist church and a Knight Templar. He is survived by his wife and five children, his mother, two brothers and one sister, the latter being Mrs. H. W. South of this city.

## THE BOEN AND PARNELL MEETING.

First Service in the Tent at the City Park Last Night—Large Crowd and Strong Practical Sermon.

The first meeting under the new tent which is conveniently located in the city park for the Boen and Parnell revival meeting, was held last night and was a decided success. A large crowd greeted these earnest Christians workers. The music was good the congregation taking part in several of the numbers. Prof. Parnell is highly successful in the work of directing the music.

Bro. Boen, as he prefers to be called, was at his best in the sermon. In developing his subject, "The Devil as a Helper," the evangelist put the devil and his helpers in a rather different light to what we have been accustomed to view them. He showed that whether the devil is after a soul or a town he comes in the guise of a helper; he wants to help the individual to seek to climb up in the world by forbidden paths; and the town by compromising policies. The warning of the speaker was against the smooth, suave, polished devil, not the cloven hoofed monster. The devil does not want to see either a church or a Christian die, but he wants to see both swamped with worldliness and without influence.

A Sunday school rally service will be held at the tent this morning at 9:45 o'clock, and Rev. Boen will speak. At 4:00 p. m. he will address a special young people's meeting on the subject of "How to Marry and Stay Married." Regular morning sermon at 11 a. m. and evening at 8 p. m. Morning subject, "Away and Highway;" Evening, "The Fall of Babylon."

Services will be held regularly at the tent during the coming week at 10:30 a. m. and 8 p. m. All are cordially invited.
